

# NASFAA's 50th ANNIVERSARY SUCCESS STORIES

Do you know a former student who received financial aid and went on to graduate and do something special with his or her life? If so, please submit that story for possible inclusion in the next *Student Aid Success Stories* publication, which is being compiled as part of NASFAA's 50th Anniversary Celebration.

Prior to submitting the story, please get approval from the individual. NASFAA staff will follow up with you and the former student with additional questions and a photo request.

One or two stories will be selected from every state for publication. One to three individuals will be invited to speak at the 2016 NASFAA National Conference in Washington, D.C., all expenses paid by NASFAA.
